Definitive Proxy Statement on Schedule 14A filed March 14, 2022

General

1. Please expand your discussion of the reasons you believe that your leadership structure is appropriate to address how the experience of your Lead Director is brought to bear in connection with your board's role in risk oversight.

2. Please expand upon the role that your Lead Director plays in the leadership of the board. For example, please enhance your disclosure to address whether or not your Lead Director may:

represent the board in communications with shareholders and other stakeholders; or require board consideration of, and/or override your CEO on, any risk matters.

3. Please expand upon how your board administers its risk oversight function. For example, please disclose:

why your board elected to retain direct oversight responsibility for the major strategic risks identified rather than assign oversight to a board committee;

the timeframe over which you evaluate risks (e.g., short-term, intermediate-term, or long-term) and how you apply different oversight standards based upon the

immediacy of the risk assessed; whether you consult with outside advisors and experts to anticipate future threats and trends, and how often you re-assess your risk environment; how the board interacts with management to address existing risks and identify significant emerging risks; and how your risk oversight process aligns with your disclosure controls and procedures.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
