- B. Subject to the terms and conditions contained herein, RACC has agreed to (i) accept the return of the Group A Aircraft and extinguish the debt and or lease obligations on each Group A Aircraft upon such return, (ii) restructure its financing of the Group B Aircraft, and (iii) reduce the lease payments on the Group C Aircraft and Great Lakes has agreed to issue to RACC shares of Great Lakes' common stock, a deferral note, a senior note, and a subordinated note.

- D. The parties hereto have reached further agreement as to certain matters relating to the Aircraft and certain related obligations between the parties, and desire to set forth the terms of such agreement herein.

## AGREEMENT

NOW, THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Great Lakes and RACC agree as follows:

1. Recitals Incorporated. The parties hereto hereby incorporate the Recitals as if fully set forth herein.
2. Group A Aircraft. The following applies to all Group A Aircraft.

- (A) Return Conditions. The Group A Aircraft, including engines, shall be returned by Great Lakes to RACC to destinations within the United States selected by RACC in accordance with the schedule attached hereto as Schedule 1. The Group A Aircraft are to be returned in accordance with the following terms and conditions (the "Return Conditions"): (i) all engines, engine life cycle fatigue components, propellers, airframe and other time/life components shall be at a minimum of half-life remaining, as defined in accordance with the aircraft manufacturer's maintenance manual or, in the case of engines, as set forth in Pratt & Whitney's engine overhaul recommendations. With regards to the half life requirement RACC may waive this requirement on a case by case basis in economic consideration of the component time remaining and for consideration that certain components may be returned with better than half life remaining. In all cases the decision of the RACC representative will be final. (ii) all originally installed equipment shall be in working order, (iii) such Group A Aircraft shall be airworthy, and immediately prior to return have a complete 1-6 detail inspection, and no structural inspections due within 5% of the structural inspection schedule. Any structural inspection that is due within 5% of the inspection schedule will be completed prior to the return of the aircraft. This 5% requirement may be waived on a case basis as agreed to by the GLA Director of Maintenance and the RACC representative. All required inspections shall be completed by an FAA Authorized Part 145 Certified Repair Station. (CRS) The aircraft shall be in compliance with all Airworthiness Directives issued by the FAA pertaining to such Group A Aircraft, and the manufacturers published maintenance specifications and Mandatory Service Bulletins (iv) such Group A Aircraft shall be delivered ready for Commuter use under part 121 and/or Part 91. RACC shall promptly perform an inspection of each Group A Aircraft and attached engines, airframe and other time/life components that is returned to it so as to determine whether all of the Return Conditions have been satisfied. In the event that RACC determines that any Group A Aircraft is not in compliance with any of the Return Conditions, RACC shall promptly notify Great Lakes in writing of such determination and RACC shall have the option of either requesting that Great Lakes (1) remedy such noncompliance in a manner reasonably satisfactory to RACC within thirty (30) days or (2) return a substitute Group B Aircraft designated by RACC in compliance with the Return Conditions within thirty (30) days, in which case such substitute Group B Aircraft shall be deemed to be a Group A Aircraft for purposes of this Agreement and such noncompliant Group A Aircraft shall be deemed to be a Group B Aircraft for purposes of this Agreement. If RACC requests, Great Lakes shall store and maintain any Group A Aircraft accepted by RACC for a period not to exceed thirty (30) days.
- (B) Delivery of Aircraft Records, Etc. Great Lakes shall deliver to RACC, as an additional Return Condition, all of the following items related to each of the Group A Aircraft:
- (1) All records of maintenance, preventative maintenance, alterations and repairs relating to such Group A Aircraft. All major repairs and alteration documentation shall be in the form of either FAA Form 337 or FR-CO (FAA Approved Field Repairs).

- (2) All airframe, engine and propeller logbooks endorsed for current total time and cycles for the airframe, total time and cycles for each engine and engine cycle fatigue components and an entry for total time and cycles since overhaul and hot section inspection for each engine, and total time since new and time since overhaul for each propeller. The airframe logbook must include all appropriate endorsements (i.e., maintenance releases) verifying that the avionics have been periodically tested and inspected in accordance with 14 CFR Section 91.411 and Section 91.413 and Chapters 4 and 5 of the Beechcraft Maintenance Manual.
- (3) A current written summary certified by Great Lakes' inspection authority listing the status of all applicable airworthiness directives and service bulletins for the airframe, engines, propellers and appliances.
- (4) A written summary certified by Great Lakes' authorized inspection authority of the current status of life limited and/or overhauled components for the airframe, engines (in accordance with the Manufacturer's recommended intervals), engine accessories and appliances as defined in the most current revision(s) of all Beechcraft maintenance publications applicable to such Group A Aircraft. The aforesaid summary shall be organized in the chapter order specified by the Air Transport Association.
- (5) Great Lakes must provide the following documentation and data for each component having an overhaul or inspection requirement or life limit, which components are identified in Chapter 4 and/or Chapter 5 of Beechcraft Maintenance Manual applicable to such Group A Aircraft, as follows: (i) an airworthiness release certificate or maintenance release tag, (ii) the vendor work order or copy thereof verifying the details of each component's overhauls, and (iii) an appropriate record certifying the date and expended time status of the components when installed (i.e., copy of log or inspection squawk card). The three (3) items identified in the preceding sentence must be properly organized and provided on-board such Group A Aircraft.
- (6) Great Lakes must provide written verification that Pratt & Whitney has approved all of the Group A Aircraft engines as being eligible for enrollment in a Pratt & Whitney engine fleet maintenance program.
- (7) For each Group A Aircraft that is not leased from RACC and for each engine that is not leased but is on a Group A Aircraft that is leased, Great Lakes shall deliver to RACC an executed FAA Bill of Sale for such Group A Aircraft or, in the case of an engine, an appropriate document of conveyance.

Great Lakes acknowledges that each of the items described above in subsections (1) through (6) must be provided to RACC upon return of each Group A Aircraft regardless of whether Great Lakes has conducted its periodic inspections of such Group A Aircraft pursuant to Chapter 5 of the Beechcraft Maintenance Manual or in accordance with an inspection program approved by the FAA pursuant to 14 CFR Section 91.4099(f).

- (C) Suspension of Payments; Extinguishment of Debt. Payments due from Great Lakes to RACC under the existing aircraft lease or secured promissory note, as applicable (each a "Existing Finance Agreement" and collectively, the "Existing Finance Agreements") for each of the Group A Aircraft shall be suspended for the period commencing on the Effective Date through the applicable deadline for the return of such Aircraft set forth on Schedule 1 hereto (the "Group A Cut-Off Date"). If any Group A Aircraft has not been returned by Great Lakes to RACC in accordance with the terms of this Agreement on or before the applicable Group A Cut-Off Date, debt and/or lease payments due on such Group A Aircraft will resume for the period from such Group A Cut-Off Date until such time as such Aircraft is so returned, with such payments to be made in accordance with the terms of the related Existing Finance Agreement without modification by this Agreement. Upon the return of any Group A Aircraft in accordance with the terms of this Agreement, all payments and other amounts owed at such time of return under the related Existing Finance Agreement shall be cancelled and extinguished, except for any payments that become due after the applicable Group A Cut-Off Date.
- (D) Financing of Costs of Return Conditions. RACC agrees to provide financing to Great Lakes with respect to each Group A Aircraft in the form of advances (the "Advances") in an amount not to exceed seventy-five percent (75%) of the reasonable out-of-pocket costs incurred by Great Lakes (exclusive of any costs associated with the labor of any Great Lakes' employees) in refurbishing and repairing such Group A Aircraft so as to meet the Return Conditions for which (1) the nature of the work to be done, estimated cost and identity of the service provider have been pre-approved by RACC in writing and (2) copies of the related purchase orders and invoices have been provided to RACC, provided that the aggregate amount of the Advances to be provided with respect to all of the Group A Aircraft shall not exceed \$3,000,000. The Advances shall be evidenced by a promissory note executed by Great Lakes payable to RACC (the "Group A Return Conditions Note," the form of which is attached hereto as Exhibit A), which shall have a bullet maturity on the fourth anniversary of issue (December 31, 2006) and bear interest at the rate of LIBOR plus 500 basis points. "LIBOR" shall mean the rate of interest determined by RACC at which Dollar deposits for ninety (90) days are offered based on information provided in The Wall Street Journal on the second business day prior to the date of the issuance of the Group A Return Conditions Note or the first day of January, April, July and October, as applicable, provided, however, that if the rate described above does not appear in The Wall Street Journal on any applicable interest determination date, LIBOR shall be the rate determined by RACC in good faith based on the offered rates for deposits in Dollars for ninety (90) days that are then offered by major banks in the London interbank market. LIBOR shall be adjusted on the first business day of each calendar quarter to reflect any increase or decrease in LIBOR as of that date.
3. Group B Aircraft. The Existing Finance Agreements on the Group B Aircraft and all amounts owed thereunder as of the Effective Date shall be restructured in their entirety by the issuance of amended and restated promissory notes or, with respect to the Existing Finance Agreements that are aircraft leases, promissory notes executed by Great Lakes payable to RACC (each "Group B Note" and collectively, the "Group B Notes," the form of which is attached hereto as Exhibit B). In addition, with respect to Existing Finance Agreements that are aircraft leases, RACC shall transfer title of the related Group B Aircraft to Great Lakes and Great Lakes shall execute and deliver to RACC aircraft security agreements and, with respect to Existing Finance Agreements that are promissory notes, Great Lakes shall execute and deliver to RACC amended and restated aircraft security agreements (each such aircraft security agreement or amended and restated aircraft security agreement to be executed and delivered by Great Lakes is referred to herein as a "Group B Security Agreement")

and are collectively referred to as the "Group B Security Agreements"), the form of which is attached as Exhibit C. Each of the Group B Notes shall bear interest at LIBOR plus 375 basis points (subject to adjustment as set forth below), shall have an original principal amount of \$2,500,000 and provide for initial monthly payments as set forth on Schedule 2 hereto payable in arrears starting on January 31, 2003, with the amount of the monthly payment to be adjusted quarterly, on the first day of each calendar quarter as described in Section 2(D), based on changes in the underlying interest rate. The principal balances of the Group B Notes shall amortize as set forth on Schedule 2 hereto, with a final maturity on December 31, 2012. Schedule 1 to the Group B Notes shall incorporate a credit pricing matrix to reduce the interest rate upon Great Lakes' meeting specific debt service coverage targets. The Group B Notes shall be fully assignable and Great Lakes agrees to cooperate with RACC to facilitate any such assignment, with RACC agreeing to pay Great Lakes' actual reasonable out-of-pocket costs of such assignment.

4. Group C Aircraft. RACC agrees, as of the Effective Date, to reduce the monthly rental payments due from Great Lakes pursuant to each of the airliner lease agreements for the Group C Aircraft (the "Group C Leases") from \$22,000 per month to \$17,000 per month pursuant to an amendment to each of the Group C Leases (each a "Group C Lease Amendment", and collectively, the "Group C Lease Amendments"), the form of which is attached hereto as Exhibit D, to reflect this change in rental payments. Great Lakes agrees not to disclose the provisions of this Agreement to any person without the prior written consent of RACC, except (i) as may be required by Great Lakes in order to restructure its current debt with existing aircraft creditors, provided that Great Lakes may disclose solely the fact that its obligations to RACC are being restructured and the terms of the restructured debt, including, without limitation, RACC's receipt of the RACC Shares, but Great Lakes may not disclose any other details of this Agreement, (ii) to its legal and financial advisers and its independent public accountants (on the condition that they agree not to disclose such provisions) and (iii) as may be required by applicable law, including applicable securities law.

- (F) No Material Transactions. Great Lakes shall not become a party to or agree to or effect any merger, amalgamation or consolidation, asset acquisition, stock acquisition, disposition of any of its assets or create or permit to exist any subsidiary unless, as a result of such disposition, all Obligations shall be contemporaneously paid in full in cash. This Section 15(F) shall expire on the Limited Termination Date provided that Great Lakes is in compliance with this Agreement, each of the other Transaction Documents and any other agreement between itself and RACC.
- (G) Affiliate Transactions. Great Lakes shall not engage in any transaction with any affiliate, including any contract, agreement or other arrangement providing for the furnishing of services to or by, providing for rental of real or personal property to or from, or otherwise requiring payments to or from any such affiliate or, to the knowledge of Great Lakes, any corporation, partnership, trust or other entity in which any such affiliate has a substantial interest or is an officer, director, trustee or partner, on terms more favorable to such person than would have been obtainable on an arm's-length basis in the ordinary course of business.
- (H) Equity Issuances. Except for issuances pursuant to the equity incentive plans as described in Section 8(B) above and the issuance of Common Stock dividends pursuant to Section 15(B) above, Great Lakes shall not issue any capital stock or any warrants, options or other rights to acquire any of its capital stock or any other form of equity capital unless the terms of each such issuance are reasonably acceptable to RACC. Capital stock does not include preferred stock as described in Section 1504(a)(4) of the Internal Revenue Code of 1986 and regulations thereunder, interpretations thereof and rulings applying or interpreting such Section.
- (I) Further Assurances. Great Lakes will promptly furnish such information and execute and deliver such further documents, and do all other such acts as RACC may reasonably request to further implement the provisions contained in this Agreement, including, without limitation, its obligation to cooperate with RACC to facilitate any assignment of any of the Group B Notes pursuant to Section 3.
- (J) Shelf Registration. Great Lakes shall, simultaneously with the completion of its Form 10-K for its 2002 fiscal year, file with the Securities and Exchange Commission a Shelf Registration as to the RACC Shares and any Anti-Dilution Shares and shall use its best efforts thereafter to obtain and maintain the effectiveness of the Shelf Registration. "Shelf Registration" means the shelf registration pursuant to Rule 145 promulgated under the Securities Act of 1933, as amended, by Great Lakes of the sale by RACC (which sale, at the option of RACC in its sole and absolute discretion, may be through an underwriter) of the RACC Shares and any Anti-Dilution Shares held by RACC. In the event of the issuance of any Anti-Dilution Shares, Great Lakes will promptly either (i) amend the Shelf Registration to include such Anti-Dilution Shares or (ii) or file an additional Shelf Registration with respect to such Anti-Dilution Shares. Great Lakes shall not allow the effectiveness of the Shelf Registration to lapse at any time after its initial effectiveness as a result of events within Great Lakes' control. If, at any time after its initial effectiveness, the Shelf Registration shall cease to be effective as the result of events beyond Great Lakes' control, Great Lakes shall at all times thereafter use its best efforts to reinstate the effectiveness of the Shelf Registration.

- (K) Incentive Compensation Plan. Great Lakes shall not adopt any incentive compensation plan for any of its officers that provides for the possibility of aggregate payments thereunder to any officers in any fiscal year in excess of such officer's current annual base salary without the prior written approval of RACC.
- (L) Press Release. On or about the Effective Date, Great Lakes shall have issued a press release relating to the transactions contemplated hereby substantially in the form of Exhibit L attached hereto.
- (M) Quarterly Free Cash Flow. Quarterly Free Cash Flow shall not be less than \$(500,000).
- (N) Debt Service Threshold. The Debt Service Threshold shall be calculated and maintained as set forth on Schedule 6 to this Agreement.
- (O) Net Debt to EBITDA. The Net Debt to EBITDA Threshold shall be calculated and maintained as set forth on Schedule 6 to this Agreement. "Net Debt" means on balance sheet Indebtedness of Great Lakes, including current maturities, minus cash on hand. "EBITDA" means with respect to any rolling four quarter period, an amount equal to the sum of (a) net income of Great Lakes for such fiscal period, plus (b) in each case to the extent deducted in the calculation of Great Lakes' net income and without duplication, (i) depreciation and amortization for such period, plus (ii) income tax expense for such period, plus (iii) the aggregate amount of interest required to be paid or accrued by Great Lakes during such period on all Indebtedness of the Great Lakes and its subsidiaries outstanding during all or any part of such period, whether such interest was or is required to be reflected as an item of expense or capitalized, including payments consisting of interest in respect of any capitalized lease or any synthetic lease, and including commitment fees, agency fees, facility fees, balance deficiency fees and similar fees or expenses in connection with the borrowing of money, plus (iv) other noncash charges for such period, all as determined in accordance with GAAP.
- (P) Capital Expenditures. Great Lakes shall not make Capital Expenditures that exceed, in the aggregate, \$1,000,000 for its 2003 fiscal year and \$800,000 for each fiscal year thereafter, provided, however, that for each fiscal year commencing after the occurrence of the Limited Termination Date, Great Lakes shall be allowed up to \$1,100,000 in Capital Expenditures per year. "Capital Expenditures" means amounts paid or Indebtedness incurred by Great the purchase or lease by Great Lakes of fixed assets, both tangible (such as land, buildings, fixtures, machinery and equipment) and intangible (such as patents, copyrights, trademarks, franchises and good will), that would be required to be capitalized and shown on its balance sheet in accordance with GAAP, provided that this Section 15(P) shall not include any item customarily charged directly to expense or depreciated over a useful life of twelve (12) months or less in accordance with GAAP.

(Q) Restructuring of Other Aircraft Indebtedness. As a condition to the effectiveness of this Agreement, Great Lakes was to have delivered to RACC written evidence reasonably satisfactory to RACC that Great Lakes' Indebtedness owing to other similarly situated aircraft creditors (specifically, Finova Capital, CIT and Boeing Capital) shall have been restructured such that none of these creditors shall be paid more than RACC (on a relative basis). Great Lakes has entered into term sheets with regard to restructuring its Indebtedness and other obligations with each of its aircraft creditors, copies of which were provided to RACC on December 26, 2002, the terms of which are acceptable to RACC. Great Lakes agrees to implement such restructurings pursuant to the term sheets provided to RACC, and RACC agrees to allow Great Lakes to implement such restructurings so long as such restructurings follow, in a manner reasonably satisfactory to RACC, the term sheets provided to RACC on December 26, 2002. The failure of Great Lakes to enter into restructurings that follow these term sheets in a manner reasonably satisfactory to RACC shall constitute an Event of Default, as set forth in Section 17(A)(3).

16. Representations and Warranties.

(A) By Great Lakes. Great Lakes represents and warrants to RACC as of the date hereof that:

(1) Authority and Enforceability. Great Lakes has the full power to enter into and perform its respective obligations under this Agreement, including, without limitation, the issuance of the RACC Shares and any issuance of Anti-Dilution Shares that may be required by Great Lakes to RACC and all other Transaction Documents contemplated hereby or executed pursuant hereto to which Great Lakes is a party. The execution and delivery of this Agreement, the Notes, the Group B Security Agreements, the Security Agreement, the Security Agreement Amendment and all other Transaction Documents contemplated hereby or executed pursuant hereto to which Great Lakes is a party and the performance and observance of their terms, conditions and obligations have been duly authorized by all necessary action on the part of Great Lakes. This Agreement, the Notes, the Group B Security Agreements, the Security Agreement, the Security Agreement Amendment and all other Transaction Documents contemplated hereby or executed pursuant hereto constitute, when executed and delivered by Great Lakes to RACC, will be valid and binding obligations of Great Lakes enforceable in accordance with their terms (subject to bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting creditors' rights generally and general principles of equity).

(2) No Conflict. The execution, delivery and performance of this Agreement, the Notes, the Group B Security Agreements, the Security Agreement, the Security Agreement Amendment and all other Transaction Documents to which Great Lakes is a party and the consummation of the transactions herein contemplated on the part of Great Lakes, including, without limitation, the issuance to RACC of the RACC Shares and any Anti-Dilution Shares, will not result in a breach or violation of any of the terms or provisions of, or constitute a default under, any statute, rule or regulation applicable to, or order of any governmental body or agency or any court having jurisdiction over Great Lakes or any of its properties, or any agreement or instrument to which Great Lakes is a party or by which Great Lakes is bound or to which any of the properties of Great Lakes is subject, or the charter or by-laws of Great Lakes.

(3) Capitalization. As of the Effective Date, the authorized capital stock of Great Lakes consists solely of 50,000,000 shares of Common Stock and 25,000,000 shares of preferred stock, par value \$.01 per share (the "Preferred Stock"), of Great Lakes. On the Effective Date, Great Lakes will have no outstanding capital stock other than 8,680,186 shares of Common Stock, all of which shall be owned as set forth in Schedule 7 hereto and shall be duly authorized, validly issued, fully paid and non-assessable. Upon the issuance of any RACC Shares in accordance with the terms of Section 8, such shares of Common Stock shall be duly authorized, validly issued, fully paid and non-assessable.

(4) Options, Etc. Other than as disclosed on Schedule 8 hereto, there are no outstanding rights (either preemptive or other) or options to subscribe for or purchase from Great Lakes and no warrants or other agreements providing for or requiring the issuance by Great Lakes of any capital stock of Great Lakes. The issuance of the RACC Shares or any Anti-Dilution Shares shall not be subject to pre-emptive rights in favor of any present or future stockholders of Great Lakes.

(5) Litigation. Except as set forth on Schedule 9 hereto, there are no actions, suits, proceedings or investigations of any kind pending or threatened against Great Lakes before any governmental authority, that, (a) if adversely determined, might, either in any case or in the aggregate, (i) have a material adverse effect on the business, properties, prospects, condition (financial or otherwise), assets, operations or income of Great Lakes, or (ii) materially impair the right of Great Lakes to carry on business substantially as now conducted by them, or result in any substantial liability not adequately covered by insurance, or for which adequate reserves are not maintained on the consolidated balance sheet of Great Lakes, or (b) which question the validity of this Agreement or any of the other Transaction Documents, or any action taken or to be taken pursuant hereto or thereto.

(6) Net Operating Loss. The net operating loss carryover ("Net Operating Loss Carryover" or "Net Operating Loss"), as that term is defined by section 172 of the Internal Revenue Code of 1986 as currently in effect (the "Code"), of Great Lakes available for use by Great Lakes (subject to adjustment upon audit) in computing its federal income tax liability for the year ending December 31, 2002, calculated as of the beginning of such year based on the tax provision for the year ended December 31, 2001, is \$80,308,934. Based on the reasonable judgment of Great Lakes' management, the amount of the Net Operating Loss for the year ended December 31, 2002, after taking into account the transactions contemplated under this Agreement, is projected to be at least \$70,000,000 (subject to adjustment upon audit), but this amount cannot be determined with certainty as of the date hereof because of certain unknown variables, including (1) the fact that the accounting and tax operating results for the year ending December 31, 2002 are not finalized and (2) the impact of Great Lakes restructuring its indebtedness with other creditors is not known.

(B) By RACC. RACC represents and warrants to Great Lakes that it has the full power to enter into and perform its obligations under this Agreement and all other documents contemplated hereby or executed pursuant hereto. The execution and delivery of this Agreement and all other Transaction Documents contemplated hereby or executed pursuant hereto and the performance and observance of their terms, conditions and obligations have been duly authorized by all necessary action on the part of RACC. This Agreement and all other Transaction Documents contemplated hereby or executed pursuant hereto constitute, when executed and delivered by RACC to Great Lakes, valid and binding obligations of RACC, respectively, enforceable in accordance with their terms (subject to bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting creditors' rights generally and general principles of equity).

## 17. Events of Default and Remedies.

(A) The following events shall constitute "Events of Default" under this Agreement:

- (1) The failure by any party to perform any promise, agreement, obligation, warranty or covenant made by it herein or in any other Transaction Document, if such default is not cured by Great Lakes, on the one hand, or RACC, on the other, within thirty (30) calendar days of receipt of notice from any party specifying such default; provided, however, that (i) there shall be no cure period, except as otherwise specifically set forth in the applicable Transaction Document, with respect to any payment default by Great Lakes in respect of any of the Obligations and (ii) there shall be no notice or cure period with respect to failure to comply with Section 12(A)(iv) and (v) of this Agreement;
- (2) Any "Event of Default" as defined in any of the Transaction Documents shall have occurred; or
- (3) If Great Lakes fails to implement restructurings with each of its aircraft creditors (Finova Capital, Boeing Capital and CIT) on final terms that, in a manner reasonably satisfactory to RACC, implement the financial and other terms set forth in the term sheets provided to RACC on December 26, 2002.

(B) Remedies. Upon the occurrence of any Event of Default, a non-defaulting party may proceed with every remedy available at law or equity or provided for herein, or, in the case of RACC upon the occurrence of any Event of Default by Great Lakes, in any Transaction Document or document executed in connection herewith. No delay or failure of any party in the exercise of any right or remedy provided for hereunder shall be deemed a waiver of the right by such party, and no exercise or partial exercise or waiver of any right or remedy shall be deemed a waiver of any further exercise of such right or remedy or of any other right or remedy that RACC may have. The rights and remedies herein expressed are cumulative and not exclusive of any right or remedy that any party shall otherwise have. Further, nothing contained herein shall obligate any party to undertake any action unless required by law.

(C) Default Interest Rate. Upon the occurrence and during the continuance of any Event of Default, the outstanding principal under each of the Notes shall bear interest at the Default Interest Rate. The "Default Interest Rate" is defined as LIBOR plus 600 basis points.

18. Notices. Any notice pertaining to or required by this Agreement shall be deemed sufficiently given if personally delivered or sent by registered or certified mail, return receipt requested, to the party to whom said notice is to be given, or sent via telecopier with oral confirmation from a person at the receiving office that the transmission has been received, or sent via overnight carrier. Notices sent by registered or certified mail shall be deemed given on the third day after the date of postmark. Notices hand-delivered shall be deemed given on the date delivered. Notices forwarded by telecopier shall be deemed given upon the foregoing oral confirmation that the transmission has been received. Notices sent by overnight carrier shall be deemed delivered the day after being forwarded.
