Allocation of the Purchase Price:	At the time of issuance, the fair market value of the applicable ownership interest in the notes will be \$50 (or 100% of the issue price of a Corporate Unit) and the fair market value of each purchase contract will be \$0 (or 0% of the issue price of a Corporate Unit).
Early Settlement:	Subject to certain conditions described under “Description of the Purchase Contracts— Early Settlement” in the preliminary prospectus supplement, a holder of Corporate Units or Treasury Units may settle the related purchase contracts at any time prior to 4:00 p.m., New York City time, on the second business day immediately preceding the Purchase Contract Settlement Date, other than during a blackout period (as described in the preliminary prospectus supplement) in the case of Corporate Units. Such early settlement may only be made in integral multiples of 20 purchase contracts. If the Treasury portfolio has replaced the Notes as a component of the Corporate Units, holders of Corporate Units may settle early only in integral multiples of 160,000 Corporate Units prior to 4:00 p.m. If a purchase contract is settled early, the number of shares of common stock to be issued per purchase contract will be equal to the Minimum Settlement Rate (subject to adjustment as described in the preliminary prospectus supplement).
Early Settlement Upon a Fundamental Change:	<p>Subject to certain conditions described under “Description of the Purchase Contracts—Early Settlement Upon a Fundamental Change,” following a “fundamental change” (as defined in the preliminary prospectus supplement) that occurs prior to the purchase contract settlement date, each holder of a purchase contract will have the right to accelerate and settle such purchase contract early on the “fundamental change early settlement date” (as defined in the preliminary prospectus supplement) at the settlement rate determined as if the applicable market value equaled the “stock price” (as defined in the preliminary prospectus supplement), plus an additional make-whole amount of shares (such additional make-whole amount of shares being hereafter referred to as the “make-whole shares”). We refer to this right as the “fundamental change early settlement right.”</p> <p>The number of make-whole shares per purchase contract applicable to a fundamental change early settlement will be determined by reference to the table below, based on the date on which the fundamental change occurs or becomes effective (the “effective date”) and the “stock price” in the fundamental change:</p>

The stock prices set forth in the second row of the table above (i.e., the column headers) will be adjusted upon the occurrence of certain events requiring anti-dilution adjustments to the fixed settlement rates.

The exact stock price and effective date applicable to a fundamental change may not be set forth on the table, in which case:

- if the stock price is between two stock price amounts on the table or the effective date is between two dates on the table, the amount of make-whole shares will be determined by straight line interpolation between the make-whole share amounts set forth for the higher and lower stock price amounts and the two dates, as applicable, based on a 365-day year;
- if the stock price is in excess of \$300.00 per share (subject to adjustment in the same manner as the stock prices) then the make-whole share amount will be zero; and
- if the stock price is less than \$25.00 per share (subject to adjustment in the same manner as the stock prices) (the “minimum stock price”), then the make-whole share amount will be determined as if the stock price equaled the minimum stock price, using straight line interpolation, as described above in the first bullet, if the effective date is between two dates on the table.

Unless the Treasury portfolio has replaced the notes as a component of the Corporate Units, holders of Corporate Units may exercise the fundamental change early settlement right only in integral multiples of 20 Corporate Units. If the Treasury portfolio has replaced the notes as a component of Corporate Units, holders of the Corporate Units may exercise the fundamental change early settlement right only in integral multiples of 160,000 Corporate Units. A holder of Treasury Units may exercise the fundamental change early settlement right only in integral multiples of 20 Treasury Units.
